In what area did the Canopy Connections team perform particularly well?

Working together as a team, problem solving, staying really upbeat and positive with the students, dealing with the larger group sizes and making the schedule work. The idea of parachute cord bracelets for the students was a great idea!

In what area does the Canopy Connections team need to improve?

I can't think of anything major at all. I was hoping to get a list of what color hard hats we were low on for the 4 groups, because I would have ordered more . I'd really still like to get a picture of everyone (with names) for our photo board in the office!

Would you be interested in participating in the program next year? YES!!!!

I'd like to see the comments from the teachers and see how the student learning was evaluated.

THANKS!
